Version 1.0. Effective from 7 October 2026. taxaudit.ng

1. Reporting a vulnerability

If you believe you've found a security vulnerability in TaxAudit, please tell us at security@taxaudit.ng. We'll acknowledge your report, keep you updated and credit you if you'd like.

2. What we ask of you

- Give us reasonable time to fix the issue before telling anyone else.
- Don't access, change or delete other people's data; use your own test account.
- Don't run tests that could slow down or interrupt the service.

We won't take legal action against good-faith research that follows these rules. See also our Security page and Report a concern.
